	b) Office	11	19.2	39	68.4	7	12.2		

Students Responses - Graph
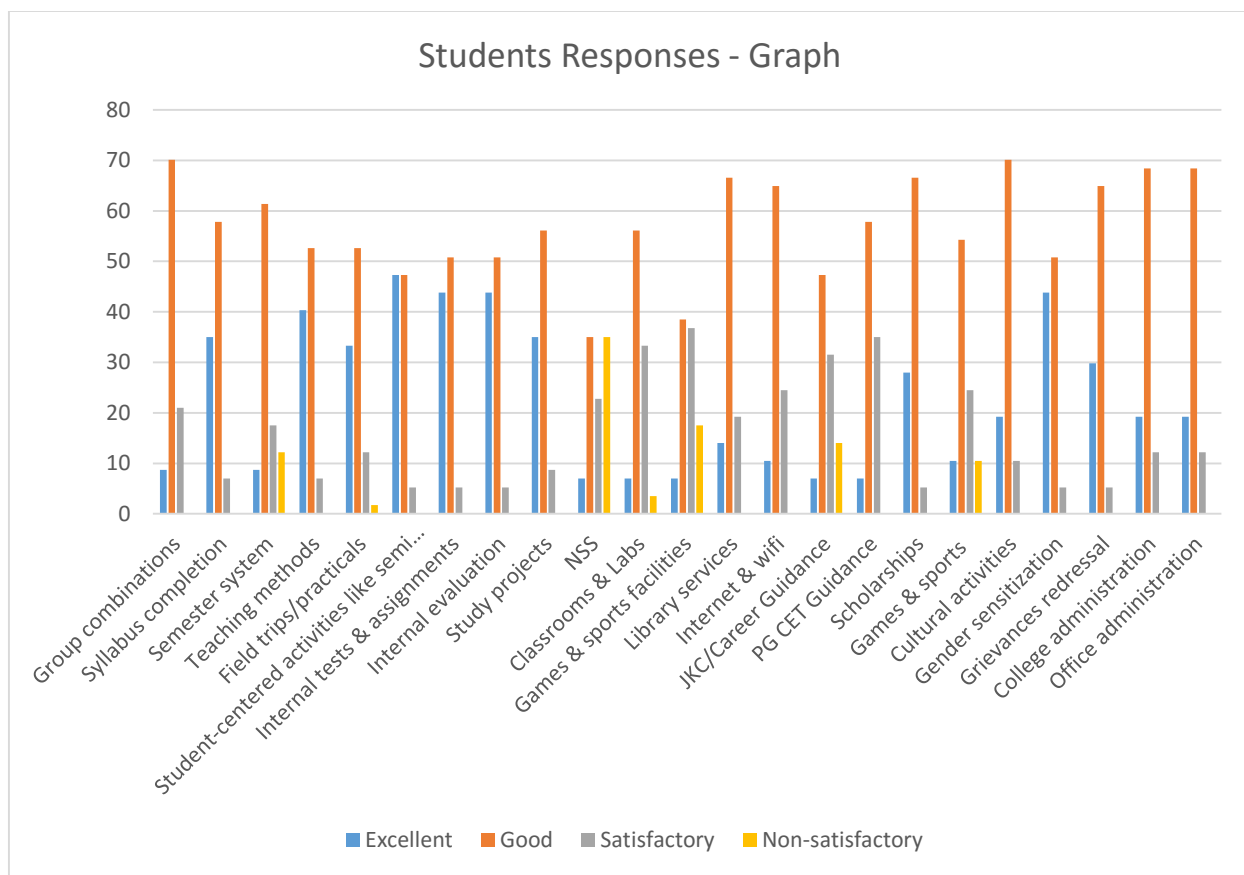

The major suggestions from students include:

- They request for the appointment of Physical director, librarian and full time lecturer for computer applications.
- They feel that practicals and project work will be more useful instead of theory examinations for all foundation courses
- They want political science in BA program instead of public administration in view of competitive exams.
- They feel that they are deprived of NSS for the shortage of number of students in a batch.
